

Avantor® Centralized Service Center

Where Efficiency, Scientific Focus, and Operational Excellence Converge

Our 13,000 sq. ft. facility in Watertown, MA empowers Boston's life sciences innovators

LET US
HELP YOU
OPTIMIZE!

Empowering Discovery Through Smart Lab Support

In a region where **lab space and time are precious**, Avantor's Centralized Service Center (CSC) in Watertown gives you both back. We manage essential lab operations off-site, so your team can focus on innovation.

Core Capabilities

- **Daily Logistics Support:** Serving across greater Boston area
- **Media & Buffer Preparation:** Custom prep, ready to use
- **Sample & Cell Line Management:** Cold storage down to -150°C
- **Glassware Washing & Autoclaving:** High quality sterilization
- **Digital Monitoring & Smart Shelves:** Traceability, accuracy, & compliance
- **Chemical Library & Inventory Management:** Real-time stock visibility & optimization

Why Partner with Avantor CSC

- **Tailored Solutions:** Programs customized to your lab's needs
- **Operational Efficiency:** Streamlined workflows & local delivery
- **Sustainability:** Reduce waste & energy use
- **Quality Assurance:** High-standard, consistent execution
- **Scientific Focus:** Let your researchers concentrate on discovery

Who We Serve

From fast-moving start-ups to global leaders like GSK, our CSC provides scalable lab service solutions that grow with your research footprint.
